Man Killed
In Crackup
On HighwayLacombe Motorist
Malcolm Norrie
Dies of Injuries

A Lacombe man died in University Hospital Thursday night several hours after he was injured in a two-car collision on the highway, one mile north of Nisku at 7:15 p.m.

Malcolm Norrie, driver of a southbound car, died of internal injuries and fractures. A passenger, Mrs. F. H. Stott, also of Lacombe, was taken to University Hospital by Smith's Ambulance, suffering from a dislocated shoulder, possible fractured pelvis and shock.

RCMP said the accident occurred when the Norrie car skidded off the right-hand lane of traffic on the Calgary trail and into the path of a northbound car driven by A. J. Oswald.

INQUEST TODAY
A Royal Alexandra Hospital doctor, Dr. N. J. Campbell, happened on the scene a few minutes later and gave first aid to the injured.

He accompanied the pair in the ambulance to hospital.

They notified Dr. M. M. Cameron, who stated that a preliminary inquest would be held this afternoon.

RCMP, after investigation, found the two vehicles turned to Edmonton garage.

GM Removes
Sales Ban

DETROIT, Dec. 22.—(AP)—Yielding to a government price roll-back edict, General Motors today lifted its ban on sale of new cars.

The ban, which had been in effect since the government's price freeze on automobiles, was lifted at the Dec. 1 level.

M. Ford, Chrysler and Nash have announced price boosts on 1951 models since Dec. 1. But G.M. was the only one to use a sales ban to fight the first price freeze in any industry.

Ford and Nash, like the three G.M. divisions, had put its new models on sale. Chrysler, like General Motors and Oldsmobile divisions, had not yet put the 1951 in dealers' hands.

Since last Saturday's car price freeze, G.M. appealed to the F.R.S. to modify its order. The F.R.S. rejected the appeal.

Opening Date
For Parliament
Soon Revealed

OTTAWA, Dec. 22.—(CP)—Prime Minister St. Laurent told reporters last night there may be an announcement next week about the opening date for parliament.

He left the date blank to go to a reception by his son, a parliamentary for opposition leader George Drew at the Drews' new Rockville home.

He hopes to leave for Quebec City today for a family Christmas, returning here in a week.

The House is adjourned until Feb. 14 but officials say it is quite possible it will be called back late in January.

Fuel Reaches U.K.

CANBERRA, Wales, Dec. 22.—(AP)—The first cargo of United States coal to help relieve the fuel crisis—400 tons for use of the locomotive—was unloaded yesterday from the Norwegian steamer Belcity.

Rock Slide Delays CN
Coast Trains 7 Hours

CNR transcontinental trains from Vancouver will be seven hours late arriving in Edmonton due to a rock slide 80 miles west of Kamloops.

Transcontinental Limited No. 2, due here at 8:30 p.m. will not arrive until 3:30 a.m. tomorrow. No. 4, due at 9:30 p.m. will not be in until 4:30 a.m.

The trains were re-routed over CPR lines.

Tons of rock and mud poured down on the tracks, covering right-of-way to a depth of 15 feet over a distance of 200 feet. The slide occurred early today near Sparrow's Bridge.

CANUCK SHIPS IN KOREAN ACTION

CANADIAN NAVAL strength has played vital role in UN forces' operations in Korean theatre. Recent photo was taken from destroyer Cayuga with other Canadian destroyers Sioux and Athabaskan at sea in that order. Ships took part in Inchon and Wonsan landings, played lead part in Canadian-commanded withdrawal and bombardment at Chinnampo.

Princess Pats Given Ample
Time Before Going to Front

SEOUL, Korea, Dec. 22.—(CP)—Canada's fighting men in Korea will train in Southern Korea until their commander is satisfied they are ready for front-line duty with United Nations forces.

Li-Gen, Walton Walker ruled today. The commander of the United States Eighth Army said that training and indoctrination of the 2nd Battalion, Princess Patricia's Canadian Light Infantry, now at Pusan, will exploit lessons learned in the Korean campaign. The value of night combat preparation will be stressed.

In a 20-minute interview with Gen. Walker, the Canadian commander, Lt.-Col. J. B. (Big Jim) Boone, clarified his position and that of his troops.

Gen. Walker freely gave the Canadian commander carte blanche to carry out his own program, within limits, and choose his own training area. Col. Stone already has earmarked a sector near the Canadian's present guard post for this purpose.

Because the Canadian's present area is needed by other troops, the regiment will move under cover as soon as it can be arranged. TIME AVAILABLE

The presence of guerrillas in their new location is expected to stimulate their training. The men also will be toughened by light and mountain climbing in zero weather and the hard fighting ahead.

Gen. Walker told Col. Stone that unless the situation deteriorates to the point where everybody, including cooks, batmen and bandmen, are needed in the front line, the time he wants for training is his.

Col. Stone later had his position clear to Brig. T. Don Brodie, the commander of the British 29th Brigade, under whom the battalion was placed.

New Red Charge

MOSCOW, Dec. 22.—(AP)—The Soviet press charged yesterday that the United States had approved plans for the use of Generalissimo Chiang Kai-shek's Nationalist Chinese troops in Indo-China.

Torrential rains in abnormally mild weather caused the slide. CNR officials here said the line was expected to be cleared some time today.

The Montreal train into Vancouver was delayed eight hours by the slide.

Mud, rock and trees tumbled down steep embankments onto the right-of-way, but there were no mishaps to any moving trains.

CPR lines were not affected by the slide and officials reported all trains from the west running on schedule.

NATL passenger from Dawson Creek and Hines Creek, due at 7:15 a.m. was three hours late.

New Drive
Is Imminent

By EARNEST HOBERECHT
TOKYO, Dec. 22.—(UP)—Communist armies attacked both United Nations fronts in Korea in increasing strength today and Gen. Douglas MacArthur's command warned that an all-out enemy offensive against Seoul seemed imminent.

The Reds threw nearly 3,000 troops against South Korean troops above Chunchong, 43 miles northeast of Seoul and drove them back nearly two miles in the strongest probing attack yet against the UN 8th Army's defense line.

A headquarters communique said 10 to 12 Chinese and North Korean divisions—up to 120,000 men—were poised northeast of Seoul to strike momentarily at the capital itself or along the flank to isolate it from Taegu and Pusan in the Chongchun river line above Pyongyang.

A headquarter's communique said 10 to 12 Chinese and North Korean divisions—up to 120,000 men—were poised northeast of Seoul to strike momentarily at the capital itself or along the flank to isolate it from Taegu and Pusan in the Chongchun river line above Pyongyang.

At the same time, the Reds hurled their heaviest attack in a week against the tiny United Nations beachhead at Hungnam, in north-east Korea.

Puerto Rican elements of the U.S. 3rd Division battled the North Korean attackers for six hours before the enemy finally broke through the hills at dawn.

The assault began with a patrol thrust from the north at midnight (Continued on Page 2)

South Pacific Zephyr
Mixes Up Min and Max

A Pacific disturbance moved into Alberta early today, bringing Edmonton and vicinity an expected high of 49 above.

And more of the same is scheduled for tomorrow.

This is the kind of Pacific disturbance that should be maintained as long as possible.

In fact, it might be an idea to send someone to the Pacific with the idea of picking another disturbance, if the cold weather signs of moving in again.

In the meantime the "abnormal trend" of the mercury is causing Min and Max, the weather team, to get all mixed up.

Life last night.

Everybody knows the minimum temperature is registered at night and the maximum during the day.

So last night it was 38 above at 10:30 p.m. and 31 above at 8:30 a.m. today. It's getting so cold that it's all Max from Min.

MORE OF SAME
Outlook for tomorrow is for a continuation of today's tropical weather with sunny skies, light winds and a high of 49.

Tonight look for a dip to 20 above.

It will be palms along the North Saskatchewan river.

Cross-Canada temperature readings yesterday follow:

Edmonton 34 F. Regina 31 F. Winnipeg 28 F. Vancouver 31 F. Toronto 31 F. Montreal 31 F. Ottawa 31 F. Quebec 31 F. Halifax 31 F. St. John's 31 F.

Chile Will Act Against Reds
SANTIAGO, Chile, Dec. 22.—(AP)—President Gabriel Gonzalez Videla said yesterday the government plans to remove Communists and other "political agitators" from government jobs.

He accused them of inspiring a strike of government workers which began Tuesday.

Wes Mills is reported to have done into the well, located in the Mill's basement, to check the water supply. Gas fumes struck the man down before he could reclaim the rope.

His wife, watching from the basement, saw her husband fall. And entered the well to attempt to revive him. She, too, was struck down by the deadly fumes.

Rose Mills ran to the kitchen, where the men were just sitting down to supper, and found the victims.

Mummy and daddy have passed out in the well.

Five men ran to the rescue, pulling the couple out with ropes.

The couple was treated for shock and gas by Dr. A. McNeil, from Edmonton medical centre.

Stero is located 60 miles south of Kelowna, on the Coast Branch.

STERCO, Dec. 22.—Quick action on the part of 11-year-old Rose Mills saved her life and that of her parents from being gassed to death at the bottom of a 20-foot well.

St. Laurent 'Delighted' On Eisenhower Move

OTTAWA, Dec. 22.—(CP)—Prime Minister St. Laurent, leaving a cabinet meeting, hailed the Eisenhower appointment with "delight" last night and predicted it will really get western peace preparations rolling.

Chinese Reject Cease-Fire Bid

(Continued from Page 1)

really desire peace, but why cannot those delegates see through the American trick—that the Americans want a cease-fire first and then negotiate peace? If the Arab-Asian nations really want peace they should abandon the unilateral cease-fire proposal and get away from American domination.

6.—The Communist Chinese government again emphasized that all foreign troops must be withdrawn from Korea and the Koreans be left alone to settle their own problem. The Americans also must withdraw from Formosa and Communist China be permitted to take their lawful place in the United Nations.

Unless these points are carried out it will be impossible to achieve the Arab-Asian proposal for peace in Korea, China, concluded.

Message Not Received by UN

LAKE SUCCESS, N.Y., Dec. 22.—(UPI)—Communist China's rejection of the United Nations cease-fire appeal had not been received at the world organization's headquarters today.

Following Peking radio's announcement of the rejection, a cablegram from Communist Chinese foreign minister Chou En-Lai was expected later today. The three-man commission named by the assembly to attempt to set up the cease-fire was to meet immediately after the message was received.

REFUSES COMMENT

Sir Joseph Rux of India, moving spirit of the Arab-Asian drive which led to the cease fire appeal, refused to comment on the broadcast report.

"I have received no message, therefore I can make no comment," Rux said.

When the message is received, Rux is expected to meet with General Assembly President Nasrallah Karam of Iran and John Biddell of Canada. Canadian external affairs minister Lester B. Pearson, the regular third member of the commission, is in Canada but has conferred with his colleagues regularly by telephone.

THIRD MESSAGE

The cease fire commission yesterday sent a third message to Peking asking Chou En-Lai to reply to the cease fire appeal by next week. Chou's reply, however, apparently was to the second of the series of UN communications.

New Red Drive Looms In Korea

(Continued from Page 1)

against Puerto Rican opponents. It grew steadily in fury and one American officer said it might have been backed by an enemy regiment of 2,000 to 3,000 men.

ONLY PROBING

However, 3rd Division spokesmen said the enemy thrust still was regarded as a "probing attack" and not a major assault.

"Enemy pressure against the beachhead is still less than what we expected," 3rd Division operations officer Lt. Col. Nathaniel Haskett said. "It's less than what we are prepared to take."

He called the situation "disturbingly quiet."

At least two North Korean divisions were known to be close around the beachhead perimeter, with two to three Chinese divisions within easy striking distance.

U.S. navy rocket ships steamed in close to the shore and for the first time joined other warships in massed artillery bombardment of the Communist beachheads of the Humsan beachhead.

ATTACK EXPECTED

MacArthur's headquarters reported increasingly strong Communist threats against the 8th Army from above Seoul and said:

"This is normally the initial phase of an impending attack."

The Reds launched their strongest attack against 8th Army units in more than five weeks yesterday near the 38th parallel above Chumchon, 45 miles northeast of Seoul.

Dressed in American-type overalls and carrying American automatic M-1 rifles, up to three Communist battalions drove the South Koreans back between one and two miles before reinforcements arrived and helped halt the enemy.

Horses and camels were seen in the immediate area, indicating that the Chinese, perhaps Mongolian cavaliers.

Factory Explodes

MADRID, Spain, Dec. 22.—(Reuters)—An explosion in a fireworks factory at Saragossa yesterday killed three persons and injured seven.

Widow Released On \$2,000 Bail

Count Against Mrs. Sullivan Reduced to Manslaughter

OTTAWA, Dec. 22.—(CP)—Mrs. Marion Sullivan of Toronto was released on \$2,000 bail today on a charge of manslaughter and prepared to fly home for Christmas with her children.

On being released, she told reporters that though she had been released during her 30 days in jail, her experience there was "horrible." She would not state why.

In court, she stood briefly to hear Magistrate Glenn Strike formally discharge her and grant bail. The original charge had been laid after the body of her husband had been found in a Chateau Laurier hotel bedroom.

Mrs. Sullivan met reporters after the court session was over. Sitting with her in one of the police offices was her 20-year-old son, Frank Jr., who arrived from Toronto to accompany his mother home. Waiting in Toronto is her 16-year-old daughter, Elizabeth Anne, whom she has not seen since her arrest 30 days ago.

Mrs. Sullivan, her face alternately bright and flushed, and then sad and almost ashen, told reporters she was going to fly home "right away."

She would be doing on Christmas shopping in Ottawa. She would be spending Christmas in Toronto at home and with relatives.

She had been treated well in jail, and was accorded the same treatment as any other inmate would get. "I have never been in jail before," she stated. "It was a horrible experience."

INVESTIGATED

Fire investigators searched the basement after the blaze was quelled. At the time, they believed that the fire might have been started by a can of anti-freeze or a cleaning fluid.

The fire gutted two basement rooms, four first floor rooms and heavy damage was done to other rooms from smoke and water. Firemen of three halls battled the flames for three hours before it was quelled at 7 p.m.

No one was injured in the fire. The rooming house was valued at \$40,000. Insurance of \$30,000 was carried.

Arm Broken In Auto-Truck Collision Here

An Edmonton youth was treated for a broken arm yesterday after his bike was in collision with a truck at 102 street, between 104 and 106 street, at 10:40 a.m.

The injured youth, Bert Clarke, 16, of 1314-64 street, was able to go home after having the arm set at Royal Alexandra hospital.

The driver of the truck, George Scheldt, 3612-12 street, told police Clarke was injured when his bike skidded and fell in front of the truck and Clarke attempted to drag it out of the way.

NEW DRUG

Hope Held As Hogs Help Hair Hunt

PHILADELPHIA, Dec. 22.—(UPI)—A Philadelphia researcher thinks he has at last found a drug that will grow hair where it's supposed to grow.

He hasn't tried it yet on human beings.

Albert Roberts of United Research Laboratories said his hair grower is a hormone removed from the pituitary gland near the brain of the hog.

It is made into a powder and he has injected it into mice, which had their hair killed. The hair grew back under stimulus of the hormone.

Roberts plans tests on human beings immediately. But he has no idea how soon the hormone preparation will be available commercially if it proves successful with human beings.

Almost all the members of Canada's township, village and county councils serve without salary.

Man In Stabbing Case Gets Remand for Week

A city man, charged with stabbing his drinking companion in a downtown hotel last night, today was remanded to Dec. 29 for preliminary hearing in police court.

Jack Furnell, York Hotel, was charged with the wounding of Jack Hunt last night.

Hunt told police he had not felt the blow and only noticed that he was bleeding later.

He was taken to Royal Alexandra Hospital when he noticed the wound.

In hospital, he was found to be suffering a knife wound in the abdomen. His condition is "good."

Police questioned four persons attending the party and later arrested Furnell.

Appearing before Magistrate S. G. Main, he was remanded without objection or plea.

MOBROW—(Reuters)—American-born Anabelle Buser, a former employee of the United States embassy here, wrote a book entitled "The Truth About American Diplomats." It is to be made into a movie and Russians claim it "exposes the aggressive policy of American imperialism."

Raw Materials, Metals Seen Best for Norway's Market

Canadian producers of raw materials and metals have the best chance of cracking Norway's tight import market.

This was the thought expressed by S. G. MacDonald, Canadian trade commissioner to Norway and Denmark who has arrived in Edmonton to spend Christmas.

He stated Canada's trade with Norway has showed little increase since the war years and has been confined mainly to raw materials and metals.

Mr. MacDonald, who is on a cross-country tour which began in July, said that Norway's economic recovery had been very slow since the war.

COMPLETE REBUILDING

The past four or five years have been spent in completely rebuilding the northern half of the country and replacing 50 per cent of the merchant fleet destroyed during the war.

The fleet today has been built up to the pre-war tonnage and in the next two years should reach 1,000,000 tons.

"However there is not much hope for Canada to export manufactured products to Norway," he said.

"Because of the serious economic condition, trade with dollar

countries is curtailed." Western Germany fills most of this trade need on a commodity barter agreement.

TRADE BALANCE

Canada's favorable trade balance with Norway is in a 20 to 1 ratio. She is importing \$100,000 while exporting \$2,000,000. Eighty per cent of Canada's exports to Norway are wheat, barley, rye, linseed, nickel and copper.

Communism in Norway has definitely waned said Mr. MacDonald, during the last four years and today there is not much evidence of it.

Mr. MacDonald lived in Edmonton from 1910 to 1928. He received his bachelor, master and lawyer's degrees from the University of Alberta. He has been in the foreign trade service since 1930 and has held his present post since 1945.

He and his family will spend Christmas in the city with his mother, Mrs. E. S. George, who resides at 3817-11 street. Mr. MacDonald plans to return to Norway in February for a short period before assuming position of Commercial Secretary in the Canadian Embassy in Rome.

Man's Tastes Get Him Prison Term

Unique System Left Lawyers Holding Bag and Bad Cheques

A man whose taste for Chinese food and the "fast buck" got him into trouble today was sentenced to 15 months in the Fort Saskatchewan when he pleaded guilty to four charges of false pretences.

Vernon Gordon Anglin, formerly of Ottawa, was charged with obtaining the money in a unique way.

First he would phone a Chinese restaurant, represent himself as a city lawyer, and say that he was sending a man to the cafe for some food.

Then Anglin would come to the cafe, pick up the food and present a cheque signed by the lawyer receiving the order and money.

AND VICE VERSA

The gimmick was that the cheque was not signed by the lawyer; nor did he know the lawyer—and vice versa.

Anglin duped well-known city lawyer Alex Dubensky twice for amounts of \$5 each time. He also pulled the trick twice on two other lawyers.

Said Magistrate S. G. Main, "This man either likes Chinese food or hates Mr. Dubensky."

WORTHLESS CHEQUE

Alex Dubensky was also a "fall guy" in another case a few months ago when a client he defended for passing worthless cheques gave him another worthless cheque for lawyer fees.

"I can't seem to win," said Alex, when hearing of the case today. "But neither can this Anglin fellow either," he laughed.

Two Wolf Cubs Are Flown Here

Canadian Pacific Airlines had couple of wolf cubs as customers on their flight from Coppermine, N.W.T. last night.

Two, captured in the north, were purchased by Mr. Manley of Manly Sand Co. in Gary, Indiana.

The cubs spent the night at Dr. Alex J. Rattray's Animal hospital, where they will be inoculated before leaving for the United States.

True goodness does not need a false front. "He not righteous over much."—Eccles. 7:16.

New Civic Equipment To Save \$70,000 Yearly

City officials today signed a contract with Remington Rand Ltd. for rental of punch-card equipment, operation of which would save the city at least \$70,000 annually.

Cost of machine rental is \$29,922 per year.

The firm has agreed to place a service man in the city's office to supervise installation and operation throughout life of the contract, said Acting Mayor William Hawrelak.

First equipment will arrive by Feb. 1, and a start will be made on salary payments under the new system, which replaces manual operation, by May 1. Rental will begin on Aug. 1.

Additional equipment will be installed to take care of joint billing for the city utilities, and of records in the city assessor's office.

Signing of the contract puts an official cap on more than a month of city council debate on whether a \$16,000 order to Burroughs Adding Machine Company for billing machines should be cancelled, and the new punch-card system installed.

Council last week authorized commissioners to cancel the Burroughs order and make satisfactory cash settlement, at the same time instructing them to enter a contract with Remington Rand for the punch-card equipment.

Only other firm to bid was International Business Machines, which presented a tender considered so close as to leave the cost differential of no consideration.

Therefore, on commissioners' request, Stevenson and Kellogg, a management consultant firm supervising civic administration, recommended Remington Rand on the basis of expected better service.

\$80,000 in aircraft parts to Canadian Car and Foundry Company of Montreal.

Super and Singleton Electric Co. of Edmonton has been awarded a federal government contract worth \$62,24 for electrical and fire fighting equipment. It was learned here today.

The Edmonton firm's order is part of a huge \$1,500,000 appropriation for defence items ranging all the way from auto to aircraft parts and nylon cloth.

Largest single contract was for

Brawling Brings Fines, Warning to Quintet

Five young men charged with brawling in front of a city restaurant early this morning were each fined \$30 and costs when they pleaded guilty to common assault.

The man, Harley Reid, of 1104-108 avenue, Hugh McCaffery, 1342-102A avenue, Joseph Prefontaine, LeMarchand Apartments, Ray Phillips, 1021-115 street, Doug McNabb, 1048-124 street, pleaded guilty to each of three charges of assault.

They were charged with assaulting three brothers, William, Walter and Mike Budinski, outside the cafe.

Police said the argument started when a parked taxi in which the men were sitting was wedged between a truck and a car at the curb.

The taxi driver asked the Budinskis to move their truck, but they were unable to do so.

The accused were later picked up in another cafe, taken to the station for questioning and later charged.

"Learn to control your temper," warned Magistrate Main in passing sentence.

Don McGillis, Evansburg, was sentenced to seven days imprisonment when he pleaded guilty to driving while intoxicated Thursday afternoon.

RCMP picked up the 30-year-old youth at Spruce Grove after he drove his car into a ditch.

John Janicki, Canadian Army, today was fined \$30 and costs in court when he pleaded guilty to a charge of dangerous driving.

Police said the accident occurred

Labor-Management Conference Seen

June, 1951, Likely Date For Meeting to Review Labor Laws

Second labor-management conference in Alberta's history is likely to be held next June.

FEW MUMPS CASES HERE

There's no danger of Edmonton school children getting any extra Christmas holidays because of mumps.

Lathbridge children are having an extra week of holidays because of a mumps epidemic.

But here, Health Officer Dr. G. M. Little reported today that there is no outbreak, with an average of 15 cases weekly.

Service Clubs Mark Season With Carols

Edmonton service clubs celebrated the Christmas season in song yesterday at four Christmas carol recitals.

Largest was staged at McDougall Church last night as the Rotary Club terminated its record-breaking, four-day Carol Festival.

Over 1,000 singers grouped in 40 choirs drew the largest audience in the history of this popular annual event.

The Rotary Club also held a special Christmas party at a meeting yesterday in the Macdonald Hotel, treating children and grandchildren of the members to a turkey dinner.

Later, children and adults joined in singing Christmas carols after presents had been distributed to all the children.

The Lions Club luncheon earlier at the hotel featured the Central United Church choir under Peter Delatone in a program of choral selections and soloists. The program was arranged by R. T. Williams and R. Brown.

The Optimists turned the entire evening over to the Junior Optimists at Crown Hall, 964 Jasper, last night. Half of the guests attended were youngsters, brought by senior members of the club.

A boys' choir directed by Gerald Stephenson and Rev. Thomas Jackson sang carols and recited Christmas stories.

Gifts were distributed to all the youngsters present. A special gift was awarded to nine-year-old David Mandan, 12123-128 street, for being named "Junior Optimist of the Month."

City Woman Dies at 93

One of Edmonton's long-time residents, Mrs. Jean Georgina Roberts, 9644 avenue, died at her home yesterday.

Mrs. Roberts, 93, was born in Richmond Hill, Ont., and moved to Edmonton in 1912.

She was an active member of the Holy Trinity Church, where she played an important role in many of its social functions throughout the years.

She is survived by three sons, C. D. Roberts, T. P. Roberts and F. Bruce Roberts, all of Edmonton. Funeral services will be held Saturday in Hainstock and Best Funeral Chapel at 2 p.m. Canon W. M. Naimy will officiate.

Burial will be in Mount Pleasant Cemetery.

Seasonal Workers Get Break Under UIC Ruling

A new deal for the seasonal worker has been written into the regulation books of the Unemployment Insurance Commission.

Among those whose status is changed by the new set-up are workers in Alberta's lumber industry and inland transportation workers in the north.

Industries affected are logging and lumbering (except in British Columbia) inland water transportation, and seafaring at inland ports and at St. John, N.B., and Halifax.

General effect of the regulations is to ease the restrictions on seasonal workers who want to qualify for unemployment insurance benefits during off-seasons.

INSURED WORKER

The regulations provide an insured worker whose regular employment is in a seasonal industry will be entitled to benefit if during the off-season he registers for a job available at that time of year.

A seafarer, for example, at an ice-bound inland port, would be disqualified from benefits if he claims himself only available for seafaring.

If he registers for a secondary job available during the off-season, he can apply for benefits.

NON-INSURABLE JOB

Provision is also made for a worker in a seasonal non-insurable job, such as fishing, to be exempted from paying benefits while employed in an off-seasonal job.

If he does make contributions to unemployment insurance he may draw benefits "under certain conditions."

The announcement was made by Hon. Dr. J. L. Robinson, minister of industries and labor, yesterday when the Alberta cabinet met an official delegation from the Alberta Federation of Labor.

The delegation suggested labor-management conferences such as that held under government sponsorship in June, 1949, to review labor legislation should be held annually.

Dr. Robinson promised consideration of the request, and said another conference will be held in 1951, probably in June.

AMENDMENTS ASKED

The Federation delegation asked amendments to the Alberta Labor Act, but was told that the Act would not be opened until the 1950 session. Thirty amendments to the Labor Act were passed at the last session.

The delegation sought a general reduction of the work week to 40 hours in Alberta, and an increase in minimum wages to 85 cents an hour. A five-cent-an-hour premium for late afternoon and night shifts was suggested.

Amendments to the old age pension act to provide \$65 a month for men at 65 and women at 60, and for blind and totally disabled persons over 18 years of age were asked.

The delegation pressed for discontinuance of the means test for pensioners, and a reduction of residence qualification to 15 years in Canada.

Establishment of a department of labor in Alberta was requested.

OF PERSONS KILLED

Compensation to widows of persons killed in industrial accidents should be increased to \$50 a month where the amount paid is less than this amount now, the delegation suggested.

Government consideration of mixed drinking in Calgary and Edmonton, beer parlors was also asked by the delegation.

The delegation also suggested the government should introduce tests for ability and physical health for applicants for drivers' licenses.

100 Families Get Hampers

The 100 neediest families in Edmonton received some much-needed Christmas cheer this afternoon in the form of 100 Rotary Club-donated hampers.

For over 20 years, the club has chosen the 100 families—widowed mothers in destitute circumstances, deserted mothers and poor families—for its Christmas program. Names are obtained from charitable organizations in Edmonton.

The hampers are each valued at about \$15 and contain everything needed for a Christmas dinner, plus toys and candy. They are delivered by the club's own delivery team.

This afternoon, Abe Little, chairman of the club's Christmas Cheer committee, led a team of Rotarians, led by C. D. Roberts, to deliver two to a car, delivering the gifts. Other committee members were: Wes Hord, Doug Messier, Al Bert Croucher, Don Fraser, Gordon Stevens, Steve Stevens, Paul Fox and Bert Olson.

Stan Moher

Sports Editor

LET'S SPIN THE SPORTS SPHERE: Is it true that "Tubby" Mumford, Gardens' organizer, plans to pound out with "The Thing" next time Regina Caps, WCHL, tallenters, take the freeze at the east end ice palace?

One of the best kept secrets of the half-century was the fact that Tom Green, retiring president of the Edmonton District Football (Soccer) Association, was to be honored by a presentation Wednesday. Seems the secretary of the EDFA, Mr. Leo Jarron, didn't want it noised around. Nevertheless we want to take this opportunity of extending a fond adieu to Mr. Green. He certainly did his share to keep soccer alive hereabouts.

TOM GREEN

OF THE FOUR PRESIDENTS OF CLUBS in the Western Football Conference, only Walter Sprague, Eskimos, and Calgary's Tom Brook have seen fit to lay off the press since the season closed. It will be remembered that when Don MacDonald, bossman of Regina Roughriders, resigned shortly after the curtain came down, he lambasted the Fourth-Estaters in no uncertain adjectives. MacDonald accused the typewriter jockeys of having waited until it was all over to air their beefs. In effect he protested that they had "second-guessed" the executive. And just the other day Ralph Misener, Winnipeg Blue Bomber press, tossed off a couple of verbal whippersnappers in the direction of the jockeys in the Manitoba capital. It is Misener's contention that none of the sportswriters in his city "knows a blankety, blankety thing about football."

WELL, Mr. Sprague?

THINGS COULD GET BETTER IN THIS RACKET—business better get worse. Anyway Albin Burt, writer for a southern U.S. paper, "covered" the Notre Dame-North Carolina football game via television from the living room of his home. Forward Doug Mauter, ex-Maple Leaf Junior who toured Europe last year with Edmonton Mercury, turned the three-goal hat trick for Spokane as the Flyers soundbanged Kimberley Dynamiters 8-1 the other night. . . There's talk that Bob McFarlane, outstanding University of Western Ontario backfielder, will hook on with Winnipeg Blue Bombers next season. . . Ressler Frank Marconi is billed as the "Black Shadow" in some centres. "Hockey isn't the only sport taking a whisking at the Madison Square box office. Basketball attendance is off 25 per cent."

JIM CHRISTIANSEN, WHO IS BANKROLLING the junior Oil Kings, played host to members of the press and radio at an enjoyable banquet in the Macdonald last night. . . They think a lot of Bill Dockery on trail-way. The U.S. of A. rugged winger recently racked up five goals and made the openings for three more in a stretch of five games. The Smokies are off on the Garbo gallop by themselves in the Western International league. Add fiddler Albert Note: 20 of the first 90 games in the Pacific Coast Hockey loop wound up a tie. ABOUT 'FEELUP': HOUSE TRAINER 'Spud' Murphy is back in Calgary after a hitch at Bay Meadows and other California tracks. He lost Long Green while in the south. Incidentally that hay-burner won a pot at Hollywood Park the other afternoon. And doing the steering was Willie Shumway.

Footballer Harry Irving will win a second letter at McGill, it seems. He has caught a place on the school's hockey team.

INTERMEDIATES PLAY NIGHT GAME JAN. 26

Game between Mercurys and St. Anthony's of the Intermediate Hockey league, originally scheduled for 8:30 p.m. Friday, has been set back to that night at 8:30 p.m.

Latest action in the Intermediate circuit saw Sparring Davis hang an 8-2 defeat on the Saints. Mercurys, unbeaten to this point, pace the three-team loop.

Box-Office Blues Oil Kings' Theme

Sponsoring Edmonton's junior Oil Kings "has been tough," Jim Christiansen, who is doing just that, admitted last night.

"However we feel we're doing something for the city and a group of young men, and that's pretty important to me," Mr. Christiansen told members of press and radio. Occasion was a banquet-gathering at the Macdonald. Mr. Christiansen picked up the check.

Oil Kings, despite that 5-1 setback at the hands of Crown's Nest Pass last night, have been holding their own on the ice against teams of the Western Canada Junior Hockey League. At the box-office, though, it has been another story. "Thousands of Edmontonians are staying away."

Nevertheless what sponsor Christiansen calls "the tip" to put Edmonton back on the map

as a junior hockey stronghold" will go on. Oil Kings play next on Jan. 3, when they tangle with Lethbridge Native Sons at the Gardens. Coach Alvin Hamilton and manager Ernie Sennels also attended last night's enjoyable gathering.

PROVIDENCE, R.I. — (UPI) — Rocky Marciano, 190-lb., Brockton, Mass., stopped Bill Wilson, 229-lb., Charlotte, N.C. (1).

Eskimo Scouts Leave Dec. 25

About the time most folks are sitting down to Christmas dinner Monday, Anna Stukas and Al Anderson will be on their way by car to the United States. The Eskimo coach and manager have a football date on Dec. 30 for the East-West Shrine bowl game in San Francisco. They also plan to see the Rose Bowl game at Pasadena, Calif., on New Year's Day. Eskimos are interested in a pair of the players in the Shrine Bowl classic. They came up with Lindy Berry, Don Farrell and Rollin Treacher after scouting the contest last year.

Ray Robinson Blasts Commies

By Phil Clarke

PARIS, Dec. 22.—(AP)—Welterweight champion Ray Robinson took time out from training yesterday to blast Communist propaganda.

The Negro boxer, who faces Francis Robert Villain in a 16-round non-title bout tonight, said he wanted to reply to "those propagandists who attempt to exploit the American Negro as being wholly discriminated against in the United States."

NEGRO DOES OK

"In our grand democracy we have yet to reach a full perfection," said Robinson to Milton Katz, U.S. Marshall Plan ambassador, and others in Katz office. "But I know that the U.S. has made it possible for Negroes with ability, whether in business, science, statesmanship or sports, to achieve the top."

"America is not represented in Europe by its ambassadors alone but by such as you—the friendly diplomat who reflects the true value of our democracy," said Katz to Robinson.

Sugar Ray is hearing the close of a successful boxing and pleasure tour of Europe.

Robinson, who scored two good victories in Paris, Brussels and Geneva, has won wide popularity among European sports fans.

ROBINSON THANKED

Katz told Robinson: "I wish to thank you for the contribution you are making to a better understanding between the people of America and the people of Europe."

"Your record for sportsmanship in and out of the ring has been recognized by the tremendous crowds which have followed you."

A capacity crowd of some 12,000 ring fans is expected to pack Paris' Palais de Sports for the Robinson-Villain match, the second between the two fighters.

Robinson won a 15-round decision over the 26-year-old Frenchman in Philadelphia last July.

Robinson, 30, is expected to weigh in at 150 pounds to Villain's 165.

Pair Giants In Ford

NEW YORK, Dec. 22.—(AP)—Eddie Stanky and Bobby Thomson, two of New York's biggest guns, yesterday became the first Giants officially to go under the fold when they signed their 1951 contracts. Club president Horace Stoneham, who made the announcement, declined to divulge salary terms. However, it is believed Stanky signed for \$30,000 and Thomson for \$25,000.

Hawks Lose 3-1 Before Smallest Crowd in Years

CHICAGO, Dec. 22.—(CP)—Smallest Chicago Stadium crowd for a National Hockey league game in 15 years—6,027—saw Boston Bruins beat Chicago Black Hawks 3-1 last night.

The last time so sparse an assemblage was in the stadium for a "hawk game" was Feb. 5, 1935 when only 7,676 turned out.

Last night's result lifted the Bruins to first place in the standings of the four-team Montreal and Ottawa four away from the third-place Hawks.

The Chicago team once was tied at 1-1, early in the second period, but otherwise was outplayed and outshot by the ambitious Boston personnel.

Pete Herack gave the Bruins a 1-0 lead at 4:40 of the first period. At 4:41 of the second, Pat Lundy tied for Hawks.

The Bruins went into the lead again at 25 seconds of the final period when Vic Lynn's 15 footer beat goalie Harry Lumley. The third Boston goal came at 19:45 when Owen Fisher counted.

First period—Boston, Herack (power play, 4:40) 1-0; Bruins—Lundy (power play, 4:41) 1-1; second period—Chicago, Lundy (power play, 4:41) 1-1; third period—Lynn (15 footer, 25:25) 2-1; Bruins—Fisher (19:45) 3-1.

Prince Simon 'Going Home'

LONDON, Dec. 22.—(AP)—Prince Simon, "the last house never to win an English derby," is going back to the Clairhouse Stud, Luckley. He is American bred. Trainer Captain Cecil Haydockford said after consultation with the stallion owner, New York banker William Woodward, that it was decided that arduous preparation necessary for the 1951 Ascot Gold Cup might prejudice Prince Simon's future as a stallion.

President Wins

ROCKY MOUNTAIN HINS, Dec. 22.—President-elect Earl Warren, who won the California election, will be in Vancouver to spend the holiday with relatives. He makes his home in Glendale, Calif.

He earned "about half a million dollars" and came out with enough of it to quit worrying for the rest of his life.

Did McLarnin know that "this was it" when he fought his last fight, against Lou Ambers in 1960?

"Sure," says Jimmy, "We, Pop Foster and I, we talked about it."

Kings' Injury List Heavy Last Night

Four members of Oil Kings' junior hockey team received injuries during last night's game at the Gardens, won by Crown's Nest Pass Lions 5-1.

Ernie Dickson and Bill Geary, wingers on a line centered by Jack MacDonald, saw little action during the game. Dickson suffered a knee injury as he fell into the boards in the opening minutes of the game. Geary suffered a "charley horse" later in the period.

MacDonald also felt the effects of the game—a lump on the side of the head after being hit by the puck.

Russ Kovalchuk was cut on the head by Ted Lebeda's stick late in the third period.

McLarnin Says Louis Going Nowhere Fast

VANCOUVER, Dec. 22.—(CP)—Jimmy McLarnin, a boxer who hung onto his winnings, says he feels sorry for Joe Louis.

"Sure, it's a shame," says Jimmy. "I wish Joe had a boxer who didn't fight him."

"I wish Joe had a boxer who didn't fight him. I wish Joe had a boxer who didn't fight him. I wish Joe had a boxer who didn't fight him."

BOXER OF HALF-CENTURY McLarnin, picked by Canadian editors and sportswriters as the outstanding Canadian boxer of the half-century, is in Vancouver to spend the holiday with relatives. He makes his home in Glendale, Calif.

In 17 years of fighting, Louis earned more than \$4,000,000. In 1946, he was paid \$65,000 for fighting Billy Conn. Now he's broke. For his next fight he'll probably be lucky to earn \$20,000 and get a quarter of it for himself.

McLarnin, the Vancouver newsboy, didn't wait for the decline to set in. He quit at 29, at the peak of his career after 13 years as a pro.

He earned "about half a million dollars" and came out with enough of it to quit worrying for the rest of his life.

Did McLarnin know that "this was it" when he fought his last fight, against Lou Ambers in 1960?

"Sure," says Jimmy, "We, Pop Foster and I, we talked about it."

"Of course," says very lucky. "I had Pop Foster. You all know what I owe to Pop. Believe me, no boy anywhere should ever go into the fight racket without knowing that he has a good man."

"I liked Louis. Things might have been different for Joe today if he fought manager and trainer, Jack Blackburn. Hadn't died when Joe was just around his peak. Blackburn was a fine handler and strong influence on Joe. But when Blackburn went . . ."

Candid Camera Catches Christmas Customers

YOU WIND it up here and—oops—you must have had a weak spring. It's record year for toy shopping, but fathers may be disappointed Christmas morn—electric trains are in short supply.

SECRET LIFE of Walter Mitty had nothing on thoughts of this landlocked sailor taking time out from Christmas shopping jamboree to make like an admiral. His wife may have to mop up bathroom floor, though.

WONDER IF THEY'RE the right size? Maybe I should've bought that necktie. Or perfume. Or lounging pyjamas. Wonder if these are the right size...

OTHER SIDE of counter? Maybe you think Christmas shopping is rugged. How about clerks? But, Merry Christmas, anyway, shopper...

Big Christmas 'Order'

Medical Superintendent Dr. D. R. Easton of Royal Alexandra Hospital is scratching his head today, wondering how in the world he's going to come through for a little Andrew boy.

The youngster, Donnie Kupin, addressed a letter to: Santa Claus, Royal Alexandra Hospital, Edmonton. Here's the letter:

Dear Santa Claus—

I am eight years old, in grade three. I go to Andrew school. I am a good boy in school and at home.

I have two sisters. Darlene is ten years old and she is in grade six. Joyce is six years old and in grade one. So I would like a baby boy. Please bring it.

Darlene and Joyce hit me when I want to play with them. You brought a baby boy for my aunt Helen last Christmas. So please bring us one too.

Your Friend, Donnie Kupin, Good bye.

The good Dr. Easton's position is not so good because he hasn't any word from Donnie's Mom on the Subject.

Here and There

Milk problem: Mrs. M. Adamson of 8718-78 avenue, wants to know what mothers with small babies are supposed to do for babies' bottles between Saturday and Tuesday.

Mrs. Adamson says she's been notified by her milkman there will be no deliveries over the long holiday week-end.

Ken Saunders, the civil aviation inspector, tells me several American airlines have a drive safely over-holiday campaign going.

Stewardesses still deplaning passengers at all airports to ask their taxmen to drive carefully. Then the stewardesses observe that air travel is seven per cent safer than auto travel just by way of emphasis.

Here's an idea for a Christmas gift for that relative or friend of yours on active service with Canada's armed forces.

Send subscriptions to The New Bulletin. These will now be mailed at regular Canadian rates to the men serving overseas.

If the party is in the airforce, the paper should be addressed to McChord Field, Tacoma, Wash. If he's army, send it to army postmaster Vancouver, and to the flight mail officer at Esquimalt, B.C. If he's a sailor.

Those hometown Bulletins will really be appreciated. I know that from the kind of letters I'm getting from Korea. The Bulletin will handle mailing for you.

A warm goodnight to all and especially to people who never worry about how much they spend at Christmas.

Sunday School Students Win Temperance Prizes

Eight Edmonton Sunday school students and three from Beverly are winners of the Sunday School Temperance study course contest. Central Union WCTU announced today.

The contest recently concluded in north side Sunday schools. Winners in the senior group are Joyce Hainline, Beverly, and Don Stevenson, 1489-103 avenue.

OTHER WINNERS Intermediate group winners are Evelyn Sugale, Beverly, Brenda, Beverly, Douglas Bonner, 1164-1, 84 street, and Marian Neal, Beverly.

In the junior class, winners were Joyce Roberts, 1212-101 street, David Clegg, Deaton district, and Joyce Barford, 1139-85A street.

Raine Eckert, 1129-67 street, Carmen Auld, 1154-97 street, and Mary Graham, 1170-60 street were winners in the nine years and under age group.

Average temperatures range from 45 to 55 degrees in Toronto, Australia.

Second Fund for Municipal Projects May Be Requested

Alberta legislature, scheduled to assemble Feb. 22, is likely to be asked to approve another \$5,000,000 borrowing fund to assist municipalities in financing local self-liquidating projects.

A \$5,000,000 borrowing fund was set up at the last legislative session, from which municipal authorities could borrow funds at two per cent interest for such projects as water and sewer systems.

TOTAL DRAIN A total of \$4,958,853 has already been drawn from the fund.

It is rumored now in government circles that in view of the continued demand for this assistance, another \$5,000,000 may be added to the fund at the next session of the legislature.

Latest estimate to obtain money from the fund is St. Paul, which borrowed another \$4,000 to extend water-work installations. Previously \$184,500 was loaned to the town for an initial waterworks project.

A spokesman said "90 per cent of the turkey's being sold in British Columbia this season are from the Fraser Valley or Vancouver Island."

For the first time in history, he said, Alberta has lost its firm grip on the B.C. market.

Only 17 carloads of turkeys have been shipped in from Alberta so far this year. Shipments last season totalled more than 40 carloads.

The department said B.C. turkey raisers this year produced 300,000 birds for the holiday trade. Lighter birds are selling for 64 cents a pound.

Student Meet Set for City

Edmonton will play host to the Student Christian Movement of Canada when they hold a western regional conference Dec. 27 to 31.

Students will attend from the University of British Columbia, Victoria College, University of Saskatchewan, Regina College, University of Manitoba, Brandon College, University of Alberta and Mount Royal College, Calgary.

Theme of the conference to be held on the University of Alberta campus is "Faith for a Revolutionary Age."

J. Macaroni will deliver the address. He will speak on the Christian cause in Communist China. He and his family returned last summer from Yunnan province in southwest China.

MINORITIES A discussion on minorities will be led by John Laurie of Calgary, secretary of the Indian Association of Alberta. He will also give an address on Canada's forgotten minorities.

Rail Subsidy Is Suggested

Henry G. Young, president of the Farmers' Union of Alberta, today urged a government subsidy to boost revenue of the railways if they really need more money.

Young, commenting on the railways' decision to seek an immediate five per cent boost in freight rates, said his organization was "definitely opposed" to the railways' action.

"There should be no further increase at this time," he said. "If the railways need more money, it should be provided by a government subsidy under which all Canadians would share the cost."

POLICE SERVICE FOR DRUNKS ARRANGED

If you're drunk, don't drive Christmas and New Year's Eve—call a policeman.

Police Chief Rep. Jennings said today Edmonton police would render "taxi service" this year on the same basis as last for citizens who imbibe too freely.

Motorists who believe they are not in shape to drive may call the police station. The police will send a man to drive the celebrant home and will hold his car until he is sober enough to drive it himself.

Alta. Said Losing Grip On B.C. Turkey Market

ALBERTA is losing one of its major Christmas turkey markets, the department of agriculture said yesterday.

A spokesman said "90 per cent of the turkey's being sold in British Columbia this season are from the Fraser Valley or Vancouver Island."

For the first time in history, he said, Alberta has lost its firm grip on the B.C. market.

Only 17 carloads of turkeys have been shipped in from Alberta so far this year. Shipments last season totalled more than 40 carloads.

The department said B.C. turkey raisers this year produced 300,000 birds for the holiday trade. Lighter birds are selling for 64 cents a pound.

U Refresher Nursing Course Is Announced

Private duty and other registered nurses in Edmonton will have an opportunity to attend a University of Alberta refresher course at the first of the new year.

The course will consist of a series of eight lectures to be given in four evening sessions, Jan. 5, 19, 27 and 28. The lectures will be held in Room 342 of the Medical Arts Building.

Young Immigrants Arrive From France

OTTAWA, Dec. 22.—(UPI)—Twelve young men from France arrived in Ottawa yesterday en route to their Manitowish Packer Mill jobs.

The immigrants, who paid their own passage on the Scythia, said they would work as "free men" and would bring out their families later if they liked it here.

FIXED UP FOR WINTER

They fixed up elderly Carl Mickelson's winter room and bed yesterday when he appeared before Magistrate S. G. Main in police court.

They didn't have much choice. The gentlemanly "old bottles and rags" was sentenced to four months at Fort Saskatchewan when he was found guilty on a charge of vagrancy.

It was the second straight time the problem of Mickelson's cold weather quarters has engaged the court's attention.

Carl Mickelson Gets Nice Warm Home—In Fort Sask.

They fixed up elderly Carl Mickelson's winter room and bed yesterday when he appeared before Magistrate S. G. Main in police court.

They didn't have much choice. The gentlemanly "old bottles and rags" was sentenced to four months at Fort Saskatchewan when he was found guilty on a charge of vagrancy.

It was the second straight time the problem of Mickelson's cold weather quarters has engaged the court's attention.

DILEMMA

Problem Of Young Thief Tasks Court

The problem of what to do with a 17-year-old admitted on theft who had already spent the last three years in penal institutions, tasked police court officials here yesterday.

"They locked me up shortly after my fourteenth birthday," the youthful prisoner told the court. "I served a year and a half in the boys' division at Oliver."

"I was released Nov. 3 after serving a two-year term in Prince Albert penitentiary. I don't know how to handle myself."

Earlier he admitted stealing a car in Edmonton, Dec. 2, and keeping it until he was arrested, Dec. 9.

"I don't know where else accused can be sent," Mr. Beauregard told Magistrate S. G. Main. "It's hard to know what to do."

The magistrate remanded the youth until Jan. 18 for sentencing on the condition he try to get into the armed services in the meantime.

But even here problems kept coming up.

The youth had already been turned down by the army once, and he wasn't sure he could get the \$1,000 bail he needed to be released from custody so he could try to join up.

Ex-City Man Dies at Coast

VANCOUVER, Dec. 22.—(UPI)—John Chalmers, 84, pioneer civil engineer, died here Wednesday in hospital.

He was in charge of survey work when the old CNR pushed through from Lake Superior to the Rocky Mountains.

Mr. Chalmers came here from Montreal on retirement in 1937. From 1905 until 1916 he lived in Edmonton, where he was structural engineer for Alberta.

McDonald, who also filed \$15 and costs when he pleaded guilty to a charge of failing to keep to the right of the entire line at the time of the accident.

The second charge was a reduction from an earlier charge of dangerous driving.

Constable Dumbell told the court McDonald hit him in the "left ear" when he was trying to get the latter to enter the police car.

NOT NATURAL

McDonald told Magistrate Main it was not his nature to get into fights and that until he went court.

Taxi Board Is Refused More Power

Present Set Up Said Of Very Little Value

Edmonton Taxicab Operators' Association last night drew a first refusal on its demand that the recently-constituted taxicab control board "be given power to instruct city commissioners and the licence department on all matters pertaining to the taxi business."

City council's bylaws committee cold-shouldered the request, as well as the operators' bid to have new taxi officers compelled to locate at least 500 feet from established downtown offices, and 2,500 feet from existing offices in outlying districts.

OPERATORS' CASE Presenting charges of "piracy" of customers, "cutting" and an over-abundance of cabs, the operators said:

The present setup of the taxicab (control) board is of very little value, in that it is only permitted to make recommendations to the commissioners, who may act on them or not.

Asking additional power for the board "in order to keep the industry in good order and put a stop to the present deplorable situation," operators suggested only appeal from the board's decision should be to mayor and city council.

Committee members agreed to recommend to council appointment of an "adequate inspection service" for taxicab drivers in the city.

Action was taken on request of a platters' declaration which said it has been serving such service for two years. They indicated they would be willing to pay a larger licence fee to meet the cost.

Location of Highlands Community League's proposed crink in the five-block area bounded by 114 and 116 avenues, between 62 and 71 streets, was approved.

It would be integrated with present school and high school development programs for the area. Exact site was left with committee to work out with school board officials.

King Broadcast

CANBERRA, Australia, Dec. 22.—(Reuters)—The King will broadcast a message to the Australian people on New Year's eve to inaugurate the jubilee year of the Australian Commonwealth founded in 1901. Governor-General William J. McKell announced yesterday.

Walter Mackie Buried In B.C.

VANCOUVER, Dec. 22.—(UPI)—Funeral services were held yesterday for Walter Mackie, 61, former purchasing agent for Alberta (religion). He died here Monday.

Mr. Mackie, who retired in 1948 after 28 years in the Alberta telephone service, came here from Edmonton.

He is survived by his widow and one son, Walter B. Mackie of Vancouver.

DRIVER SOCKS COP PAYS WATCH REPAIRS

An Edmonton motorist was faced with a watch repair bill instead of a fine after he pleaded guilty in police court yesterday to the charge of assaulting a police officer.

The bill, for \$164.50 was what it cost Constable Al Dumbell to have his wrist watch repaired after he had scuffled with Leslie McDonald, last Sunday.

Dumbell told the court the watch was smashed in a fight that ensued when he tried to take McDonald to the police station after the latter's car was in a minor collision with a bus at the foot of McLaughlin Hill.

McDonald, who also filed \$15 and costs when he pleaded guilty to a charge of failing to keep to the right of the entire line at the time of the accident.

The second charge was a reduction from an earlier charge of dangerous driving.

Constable Dumbell told the court McDonald hit him in the "left ear" when he was trying to get the latter to enter the police car.

NOT NATURAL

McDonald told Magistrate Main it was not his nature to get into fights and that until he went court.

SHOPPING GUIDE

Fresh Mistletoe Here From Western Coast

By Bea Thrift

When you tiptoe neth the mistletoe come Merry Christmas Eve... just think of Yuletide fun 'n' games... turn away all notions about the 25c per ounce price of the traditional berries.

Fresh mistletoe has been imported from the Pacific Coast region and is selling at high-as-the-sky price. A spindly little twig of the beau-catcher will cost about 60c.

But as one pretty observer remarked today "think what the results are worth."

Holly, also TCA's from the coast is fresh 'n' green and bright... not to mention sort of expensive.

It sells at 25c per branch in some shops and the branches are mighty slim pickins'. Incidentally, a 12-hour bath in cool water will revive that holly more than somewhat.

Cedar branches, silvered and plain, silvered or gilded leaves, spruce boughs are selling in a half a dozen shops at prices roaming around the 25c mark for this slimmest silver of green ever.

Half-price sale of angel, Santa and reindeer candles gives us a 5c chance for one of the sweet-faced wax urchins.

And running urchins through your mind strikes a bell of approval for the clever Japanese imitations of the famed Hummel figures.

Fried Hummel's softly shaded masterpieces of wistful children have been copied in color and attitude and at a price of 75c each. Original figures sell at an average price of \$6 or \$7.

Naturally, the careful touch of expression and coloring of the original is not by any means matched with the 75c effort... but if you're in the high-price bracket the imitations are sweet 'n' sunny-faced too.

In usual manner of Christmas sales I saw slightly-patterned glass salad plates selling at 25c each.

In an October sale they went to the wise early shopper at four for 95c.

Makes you think doesn't it Mrs. Last-Minute Buyer!

And while we're whispering sweet something about the glass plates... let's add that they're really quite a pretty 25c worth of glass. They have a blueberry pattern similar to the Corridor design and will serve a kitchen a score of times in a season.

You slip down to this emporium and inspect them well 'n' while you're there buy husband a sock-filler present of half a dozen plastic spoon muddlers for a mere 25c.

YOUR BABY AND MINE

Cradle Cap Usually Is Easy to Wash Away

By Myrtle Meyer Eldred

Babies almost always develop a small amount of cradle cap on top of the head. It is the result, usually, of the cautious way in which the mother washes the area of the fontanel.

This pulsing, red spot on the crown of the head, which mists a few separating in the hair of the scalp, is a sore and it is one about which the mother has always been warned to "be careful." Because of this she is fearful of even the pressure of a wet wash cloth.

She need not be. While it is true that a hard blow on the area must be dangerous, the tough skin covering it cannot be harmed by a vigorous wash with soap and water, and it needs the in order that it shall not become scaly and dry with an accumulation of oil and dirt.

CLEAN CAREFULLY
Prevention of cradle cap is to wash the fontanel fully as carefully as any other portion of the scalp.

DOROTHY DIX SAYS

Mother Must Be Careful Not To Handicap Her Daughter

Every mother desires her daughter to be a social success.

She wants her to have a gay time as a girl, to be admired by men, to have plenty of dates and eventually to make a good marriage. When this does not happen, when daughter spends her evenings at home reading an improving book instead of stepping out with a young man, and when she is left at the last hanging upon the parent's tongue, Mother is even more chagrined and disappointed than the girl.

The answer to Mother's problem is often enough herself, and the reason why Julia isn't popular is because, without knowing it or intending it, Mother has handicapped her so heavily that she cannot possibly win out.

The most obvious type of this marplot mother is, of course, the woman who is so determined to keep her innocent, little darling unspotted from the world that she shuts her completely out of the world of young people.

Then there is the other woman who ruins her daughter's chances by pinning-bills for her and who punishes every youth with such fall determination that he flees in terror from her. Her daughters are girls who have attention from men even if the men have to be bribed, cajoled, coerced, and shanghaied into taking their places. In season and out of season she babbles her girl's charms, and tells how beautiful every youth with such fall determination that he flees in terror from her. Her daughters are girls who have attention from men even if the men have to be bribed, cajoled, coerced, and shanghaied into taking their places. In season and out of season she babbles her girl's charms, and tells how beautiful every youth with such fall determination that he flees in terror from her.

Shriners' Wives

Tobe on Fashion—

Make It a Fashion Christmas—With a New Little Pastel Hat

For a "little" fashion present I think hats offer a fertile field. Nothing changes the looks of a costume as quickly as a new hat. I've always thought that a new Christmas hat could become as traditional as the Easter bonnet. As a matter of fact, I believe some clever designers have miniature hat boxes for women's gift hat certificates just as they do for men.

The new little pastel hats, felt or straw, for Christmas present hats because they look so pretty. They should be small and worn straight-forward on the head. The newest have tiny cuff brims—three-cornered, four-cornered, or round, and a tight veil that either covers the whole face, or masks only the eyes and the nose.

Dyed "matras"—brown—skins sold for an average of \$8.25, an increase of 48 per cent.

The average for albat, or lighter-brown skins, was \$7.60, an increase of 51 per cent over the spring average.

Also included in the sale were 279 blue fox pelts from the Pribilof Islands.

Fur buyers paid an average of \$80.35 for all United States government sealskins, an increase of 32 per cent over the price at the April 17 sale.

The government-owned red fox pelts sold for \$2.45, 62.53. Canadian-owned skins brought about the same average price as the United States-owned skins. Cape of Good Hope sealskins averaged \$34.57 each, an advance of nearly 38 per cent.

Fur Fashions Fetch

Frightful Figures

WASHINGTON (AP)—The price of black sealskins, fashion's present favorite, jumped almost 84 per cent at the fall auction of government-owned skins, the United States Fish and Wildlife Service said today.

Prices at the semi-annual auction are regarded as a barometer of future fur prices in the industry. At the autumn auction, held by Foulke Fur Company in St. Louis, Oct. 9, black sealskins sold for an average of \$106.10, almost 84 per cent more than the average last spring.

Dyed "matras"—brown—skins sold for an average of \$8.25, an increase of 48 per cent.

The average for albat, or lighter-brown skins, was \$7.60, an increase of 51 per cent over the spring average.

Also included in the sale were 279 blue fox pelts from the Pribilof Islands.

Fur buyers paid an average of \$80.35 for all United States government sealskins, an increase of 32 per cent over the price at the April 17 sale.

The government-owned red fox pelts sold for \$2.45, 62.53. Canadian-owned skins brought about the same average price as the United States-owned skins. Cape of Good Hope sealskins averaged \$34.57 each, an advance of nearly 38 per cent.

Stair-Walking Shows Poise, Grace, Posture

There is more to going up and downstairs than just getting some place. The way you look is important, too.

Think back over the many movies you've seen in which some actress came slowly and gracefully down a curving staircase. Her poise wasn't an accident; it was the result of long practice.

Grace in stair climbing comes from the habitual practice of some basic principles.

First, at the foot of the stairs, bend your knees a little and tuck your stern under you. Place your right foot on the first step, and keep your knees bent.

Practising on your knees gives you a jerky, awkward movement. To remind you to keep a bend in your knees, try putting a book on your head as you go up stairs.

Coming downstairs, place one hand on the railing if you like. But if you never take your gaze from the stairs, you'll have an old, unattractive look.

Now, start down, keeping your knees bent.

Your knees should be close together and remember, don't make your movements too rapid. The headlong plunge down a staircase is never right for any woman, no even a teenager.

It only succeeds in making her look angular and awkward.

Your appearance on a staircase can be either a picture lovely to look at or a ludicrous caricature.

Answer to Long And Short Hair Problem

PARIS—(Reuters)—Women who have followed short hair styles during the summer now are re-examining themselves to the trouble some business of letting it grow again for the winter season.

Christian Dior's answer to this problem is to draw the hair back into a neat little bun at the nape of the neck. For evening, he adds a coil of hair or tulle which is secured into a small cone and passed just over the forehead.

Other couturiers have more flattering suggestions. Jacques Fath, for example, advises hair swept back without a parting, but curling flatteringly over the ears.

Carven shows hair caught into a clip and falls onto the neck.

Many other interesting designs of the 1950 hair-do are seen at the smart French holiday resorts. But all have the one point in common—straight hair with the only curl, if any, at the end.

Women Today

16 EDMONTON BULLETIN, Friday, Dec. 22, 1950

—Photo by McDermid Studios

CALGARY MAN and his bride, Mr. and Mrs. John Marshall, are making their home in Edmonton following their marriage at St. Francis church recently. Bride, former Miss Mary Bryndzak, is daughter of Mr. and Mrs. D. Bryndzak of Edmonton.

Highlight Beauty Of Eyes But Carefully

You can highlight the natural brightness of your eyes with a little care in shaping the brows and in adding color to the lids and lashes, says a noted makeup expert.

"Don't pluck your brows above eye for line brow should follow the give eye its most flattering frame."

"In plucking brows remove only lower hairs and straggles. A straight, thin line gives a hard look."

2. Extend brow out and up. Use pencil "tulle" brows are all right. Discolored lines are aging, for a shrimp date.

4. Choose eye shadow to match the coloring at the inside corners they'll all ask for accents.

Duchess of Windsor Presents Cake Prize

NEW YORK—(AP)—A baker's wife with a recipe of her own won the \$30,000 first prize today in a national recipe and baking contest.

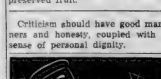

The award was presented to Mrs. Peter Winkler of Redwood City, Calif., by the Duchess of Windsor at a luncheon in the Waldorf-Astoria hotel. Mrs. Winkler baked what she called an orange "Ras Mc Cake."

A \$5,000 junior first prize in the contest, sponsored by a flour manufacturer, was won by 17-year-old Mrs. Bernard Deromous of Rice Lake, Wis., who married at 15 and is the mother of two children. She baked cookies known as "Cherry Winks."

Second prize of \$10,000 in the senior division went to Mrs. T. L. Green, Jr. of Columbus, Ga., for a peanut pie, and third prize of \$4,000 to Mrs. Robert G. Walker of Kenosha, Wis., for rolls.

The orange cake that won the grand prize was described as a loaf cake, in which is baked the ground rind of an orange. As it comes from the oven, it is smothered with the juice of an orange, which seeps into the warm cake. It then is decorated with nuts and preserved fruit.

Criticism should have good manners and honesty, coupled with a sense of personal dignity.

Gift shopping for men can be so easy with Gift Bonds from Shilby Shaw.

Shrimp Sauce Spiced With Pepper, Curry

For extra piquant flavor add finely ground onion, curry powder (careful to add with a light hand) pencil "tulle" brows are all right. Discolored lines are aging, for a shrimp date.

4. Choose eye shadow to match the coloring at the inside corners they'll all ask for accents.

Calendar

Monday Last Rebekah Lodge No. 2 will meet in 1007 Hall, 105 street, Friday, 8 p.m.

Midweek Baptist Mission Circle meeting in church parlor, Thursday, 8:30 p.m.

Ordinary faultfinding seems to indicate less background and experience than the word criticism implies. It is wholly concerned with tearing down and avoiding.

Cellophane Tape Answers Problem

You need no longer feel helpless and hopeless about those aggravating fingernails that break just as you're leaving the house for an important engagement.

Cellophane tape is the answer, say experienced manicurists. This product, which started life some years ago as an office supply,

has invaded the home and made itself useful in almost every room from kitchen to bedroom.

Now it has landed in the manicure kit.

For a quick repair job on a ragged fingernail, simply stick on a piece of tape, cutting it to fit the base of the offending nail.

Apply a second piece of tape over that, following the same procedure.

Then round off the two at the tip, imitating the line of your other nails for a natural effect.

As a final step add nail polish for coverage and glamor, and the job is done.

You find yourself with an inexpensive, easily-applied, stay-stuck camouflage for unsightly nails.

Soak that scorched pieceplate in a strong solution of borax and water to restore its just-like-new shine.

It's not too late
